

December 20, 2012

Dear TPSAC Members and Consultants:

Enclosed please find materials for the January 18-20, 2012 meeting of the Tobacco Products Scientific Advisory Committee, regarding the topic of the Committee's required report to the Secretary of Health and Human Services regarding the impact of use of dissolvable tobacco products on the public health.

DISCLAIMER: The information in these materials is not a formal dissemination of information by FDA and does not represent agency position or policy. The information is being provided to TPSAC to aid the committee in its evaluation of the issues and questions referred to the committee. The FDA will not issue a final determination on the issues at hand until input from the advisory committee process has been considered and all reviews have been finalized. The final determination may be affected by issues not discussed at the advisory committee meeting.
